

# Ernest Bevin Academy

The best in everyone™

Part of United Learning

## PRINCIPAL'S UPDATE

September 27, 2024 | Autumn Term 2024

Dear Parents and Carers,

Thank you for all your kind messages of support and encouragement this week. I truly appreciate it. While I have not had the chance to respond to everyone yet, I will do so soon.

This week, we hosted a highly successful Open Evening and Open Morning, where both our students and staff once again shone as exemplary ambassadors for the school. Special recognition goes to Ebube (Year 8) and Suhaan (Year 13) for their outstanding speeches to prospective parents. It was a pleasure to share our excellent summer results with a broader audience, and it was great to meet so many local parents, especially those new to secondary school, who are considering us for their primary-aged children. Our students remain fully engaged in their learning, and the school maintains its usual calm, focused atmosphere. Yesterday, I held assemblies with each year group to reassure our students that our strength comes from our unity as a community. Many have taken advantage of our counselling service, which remains available to any student or staff member seeking support from our experienced team.

Once again, I would like to thank our staff and students for their calmness and professionalism. Thankfully, incidents like these are incredibly rare, and it's a credit to our students that they've not allowed it to disrupt their learning or the smooth operation of the school.

We bid farewell to Mrs. Martin, my wonderful PA for over three years, and warmly welcome Ms. Asideu to the role. I extend my heartfelt thanks to Mrs. Martin for her invaluable support in helping Ernest Bevin Academy become one of the top-performing schools in the area. We wish her all the best in her future endeavours.

We also welcome Ms. Maclachlan as our new Receptionist. Many of you will agree that she has already made a fantastic contribution to the school community in just her first week.

Kind regards,

Ms Dohel

Once again, we hosted very successful open events this week

## AMBITION PERSEVERANCE UNITY
